November 2007

Dear colleague:

There are exciting developments afoot in the CAMH Addictions Program - **We're moving!**

As part of CAMH's exciting redevelopment project, in March 2008 we will move to our brand new home on CAMH's Queen Street West site. The services currently located at 175 Brentcliffe Road and many of those located at 33 Russell Street will be moving to the same location in the Queen Street West and Ossington Avenue area.

This is great news for our clients because it means we'll be able to deliver better coordinated services, access to more concurrent disorders services and, ultimately, enhanced client care. Our services will also be better integrated in brand new, state-of-the-art facilities. We'll also be much more accessible by TTC!

The Addictions services moving to the Queen Street West site are the Medical Unit, Integrated Residential, Women's, Rainbow, Family, Assessment, and Brief Treatment Services, as well as the Integrative Group Therapy Clinic and the Nicotine Dependency Clinic.

Look for more information in the new year, including a complete list of which services will be where, relevant service transition plans, maps, directions, and new contact information.

In the meantime, if you would like more information about our move, please don't hesitate to contact Sheila Pitch, Transition Manager at 416-535-8501 ext. 6759.

For more information about the Queen St. Redevelopment Project, *Transforming Lives Here*, visit www.camh.net

We look forward to our continued relationship with you!
